Purpose
These grand rounds are being held for UCI and community physicians to increase knowledge and give updated information on Emergency Medicine topics and research.

Target Audience
Attending physicians of the UCI Department of Emergency Medicine, volunteer faculty, community physicians and other health care professionals.

Objectives
At the conclusion of this activity, the participant should be able to:
1. Apply best practices to the treatment of acute infections in the emergency department, adhering to national and international guidelines.
2. Implement timely treatment strategies to stroke and acute coronary syndromes, taking into account best evidence that achieves optimum patient outcomes.
3. Lead the trauma evaluation and treatment team to provide optimum care of the injured patient, including advanced airway management, treatment of shock and discovery of life and limb-threatening injuries.

Faculty Disclosure
Drs. Austin Kinney, Andrew Wong, Rishi Bhargava and Cristobal Barrios have disclosed that they have no relevant financial relationships to disclose and that they will not be discussing the unlabelled/unapproved use of drugs or devices.
Course Directors/Planners
Mark Langdorf, MD, Bharath Chakravarthy, MD, Megan Boysen Osborn, MD, have disclosed that, as course director and planners, they have no affiliations, arrangements or financial agreements which could be perceived as a potential conflict of interest. June Casey and Amal Khalil have disclosed that, as administrative staff, they have no financial relationships to disclose.

Accreditation Statement
The University of California, Irvine School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit Designation Statement
The University of California, Irvine School of Medicine designates this live activity for a maximum of 5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ADA Statement
In compliance with the Americans with Disabilities Act, we will make every reasonable effort to accommodate your request. For any special requests, please contact June Casey at (714) 456-5922 before the meeting dates.

This activity is in compliance with California Assembly Bill 1195 which requires continuing medical education activities with patient care components to include curriculum in the subjects of cultural and linguistic competency. For specific information regarding Bill 1195 and definitions of cultural and linguistic competency, please visit the CME web site at www.cme.uci.edu.
